

MATERIAL SAFETY DATA SHEET

Product Name: GLYCOL STEARATE FRAGRANCED GEL
Date: 1.7.2002

1. Identification of the substance / preparation and company

Product type: Solid air freshening gel.

Company name: Bower Products Limited
Address: Unit 31
Abbey Industrial Estate
Woodside End, Wembley, Middlesex.
HAO 1ZD (UK)
Telephone: 00 44 (0) 20 8903 0983
Fax: 00 44 (0) 20 8903 8541

2. Composition/information on ingredients

Product I.D: Solid gel air freshener

Contains: Glycol Ether CAS number 34590-94-8.
Sodium Stearate CAS number 822-16-2.

EINECS number: Not applicable, product is a mixture.

3. Hazards identification

General: No specific hazards.

Environment: Not hazardous for the environment.

4. First-aid measures

Eye exposure: Irrigate with plenty of water.
Seek medical advice if any irritation persists.

Skin exposure: Wash with soap and water.
Seek medical advice if any irritation persists.

Ingestion: Wash mouth out with water. Give plenty of milk or water to drink. Seek medical advice if distressed.

5. Fire-fighting measures

Not classified as flammable but will burn.

Extinguishing Media: Carbon dioxide, dry chemical, foam.

6. Accidental release measures

Personal Environmental

Precautions: Avoid contact with skin and eyes. Dispose of according to local authority regulations.

7. Handling and storage.

Handling: Protective gloves are recommended if in direct contact with gel product. Avoid unnecessary handling of gel.

Storage: Store in original boxes out of direct sunlight. Optimum storage temperature range 7°C to 27°C.

Fire Protection: Classified as Non-Flammable.

8. Exposure controls/personal protection.

Respiratory

Protection: None required

Eye protection: Avoid contact with eyes.

Skin protection: Avoid skin contact. Protective gloves are recommended if in direct and prolonged contact with gel product.

9. Physical and chemical properties

Appearance: Solid gel product.

Odour: Perfumed.

Flammability: Not classified as flammable

Solubility water: Partially soluble.

10. Stability and reactivity

Reactivity: Product is very stable.
Decomposition: Hazardous decomposition products are unlikely.

11. Toxicological information

Based on the ingredients in this composition and their concentrations, this product is according to the conventional method of EC directive 88/379/EC classified as: Safe when used as directed.

12. Ecological information

This product is readily biodegradable.

13. Disposal considerations

Dispose of according to local regulations.

14. Transport information

This product is not classified as hazardous for transport.

15. Regulatory information

Not classified.

16. Other information

The information in this leaflet is to the best of our knowledge true and accurate but all data, instructions, recommendations and/or suggestions are made without guarantee.

The user must satisfy themselves that the product is entirely suitable for their purposes.
